EXPERIENCE

HUROTICS

Pro

Mar. 2026 - Present

Samsung Electronics

Equipment Engineer, Memory Business, Device Solutions (DS) Division

2022 - 2023

- Responsible for EUV lithography equipment in the photolithography process.

EDUCATION

Chung-Ang University

M.S. in Mechanical Engineering

2024 - 2025

- GPA: 4.37 / 4.50
- Assistive and Rehabilitation Robotics Lab
- Advisor: Prof. Giuk Lee

Chung-Ang University

B.S. in Mechanical Engineering

2015 - 2021

- GPA: 3.82 / 4.50

MANUSCRIPTS IN PREPARATION

Dongmin Go, Insu Choi, Kyeongmin Lim, Sejong Lee, and Giuk Lee.

Myomimetic Exosuit Assistance Across Terrains via Unified-Critic Reinforcement Learning

Manuscript in preparation

- First-author study of unified-critic multi-agent reinforcement learning across level, incline, and stair-ascent walking, without reference-motion tracking.
- Simulation-to-hardware pipeline using SCONE/Hyfydy and PyTorch, with 50 Hz policy inference on NVIDIA Jetson Orin Nano and CAN-linked force control.
- Evaluation includes a critic-architecture ablation and a seven-participant study comparing simulated and measured muscle responses.

HONORS AND AWARDS

Excellence Award

2020 LINC+ Capstone Design Award

Chung-Ang University LINC+

Jan. 7, 2021

Dean's Award, College of Engineering

2019 CAU Engineering Academic Festival

Chung-Ang University

Nov. 29, 2019
